## Summer Concession Vendor Locations

Continuing to Enhance the Local Flavor

Continuing to build on last summer's success, a wider variety of concession structures and vendors will be provided along the beach and the boardwalk, giving residents more choices in more convenient locations. For this summer season the City will be adding two food trucks at Edwards and Riverside Blvd beach entrances, and will be completing permanent bathroom locations on the boardwalk at Lincoln, Riverside, Edwards, National and Grand Boulevards.

The decision to place the type of structures in specific locations was based on feedback received during the boardwalk community outreach workshops that took place during last year's Long Beach Listens Boardwalk Phase II community outreach initiative.
